C-IP Circular )  
No. 14 )

27 July 1943

ORDNANCE EQUIPMENT, SUPPLIES AND SERVICES  
FOR CAP COASTAL PATROLS AND LIAISON PATROLS

1. Pursuant to the provisions of paragraph 5 a, AAF Regulation No. 20-18, dated 25 May 1943, subject: "Organization - Civil Air Patrol", (See C-IP Circular No. 7, this Headquarters, 12 June 1943) arrangements have been made for the supply of required ordnance equipment, supplies and services for Civil Air Patrol field activities.

2. Attached hereto is copy of letter, 23 July 1943 from Supply Branch, AFDAO, Headquarters Army Air Forces, to the Commands having jurisdiction over the several AAF stations which have been designated to furnish certain ordnance equipment, supplies and services to the CAP Coastal Patrol and Liaison Patrol units.

3. With this circular there is being forwarded to each of said units a list showing the ordnance equipment and supplies to be delivered to that particular unit, and the Army Air Force station designated to furnish same.

4. This circular and enclosures may be shown to the Commanding Officers of said AAF stations at the time of making arrangements for the delivery of said ordnance equipment and supplies.

By direction of National Commander JOHNSON:

*Harry H. Blett*  
HARRY H. BLETT  
Colonel, Air Corps  
Operations Officer  
Civil Air Patrol

AFDAO-2

SUBJECT: Issue of Ordnance Equipment for Civil Air Patrol Unit.

TO: \* Commanding General, Army Air Forces Eastern Defense Command and  
First Air Force, Mitchel Field, New York.

1. For the purpose of equipping Civil Air Patrol Units under the jurisdiction of this Headquarters, it has become necessary to designate certain stations under your Command to perform this function from available stocks on hand.

2. Attached are prepared lists of equipment which is required by the various Civil Air Patrol Units indicating location of unit and station designated to furnish same.

3. Weapons, motor vehicles, trailers, bomb and ammunition will be issued on memorandum receipt and receipted for by Civil Air Patrol Unit Commander. All equipment together with any types of ammunition which has not been expended will be returned to the base from which issued when no longer required by the Unit Commander.

4. In the event it is found that insufficient equipment is on hand at the designated stations to fill requirements, it is requested that the shortages be met by the re-distribution of equipment from other stations within your Command.

5. It is requested that a detail of four (4) Ordnance enlisted men be furnished each Civil Air Patrol Unit requiring Ordnance service. This detail to be furnished by a detachment of the Ordnance Section, Base Headquarters and Air Base Squadron or Ordnance Company, Aviation (Service) by the Air Base located nearest to the Civil Air Patrol Station concerned. At least one (1) of these enlisted men should be a non-commissioned officer. This personnel should be qualified to handle ammunition and bombs, repair small arms, and at least one (1) should be qualified to perform 1st and 2nd echelon automotive maintenance.

For the Commanding General, Army Air Forces:

/s/ W.M. Tisdale  
W.M. TISDALE,  
Colonel, Ord. Dept.  
Chief, Supply Branch,  
AFDAO
